AFTER

## 2019-2020 Ranger Fox “Tuned by Ford Performance” Off-Road Suspension Leveling Kit M-18000-R

Our Fox “Tuned by Ford Performance” 2.0 Performance Series IFP (Internal Floating Piston) front and rear shock kits are loaded with the advanced technology and features you expect from Fox and are then taken to the next level through tuning by Ford Performance engineers. This proprietary suspension kit is designed and tested to optimize ride and performance both off- and on-road, making it an excellent solution for the most discriminating performance enthusiast.

### Features Include:

- Fits 2019-2020 Ranger 4WD Models
- Levels truck front to rear
- Precision impact-extruded aluminum shock bodies increase cooling capacity and are rust resistant
- Front coil-overs feature top quality racing coils selected to deliver the optimal spring rate
- Vehicle-specific upper front mounts include a polyurethane bushing that helps isolate noise and vibration
- Locking spring preload rings allow easy front ride height and preload adjustments
- Provides a comfortable on-road ride and predictable off-road handling in even the toughest conditions
- Easy bolt-in installation with no other modifications required

BEFORE

**Suggested Retail Price Only: \$1,495.00\***

\* NOTE: Price does not include installation.

This kit has been tested and validated to work with factory 18" wheels with 265/65R-18 factory tires and Ford Performance "Ranger Raptor" wheels p/n M-1007-RGR17850R with BFG KO2 265/70R-17 tires.
